

Title; Sandhill Crane Hunting

Whereas; The presence of the Sandhill Crane population continues to steadily increase in Wisconsin ;and

Whereas; Science has shown that populations can support a regulated hunting season in many States ;and

Whereas; at the 2012 Wisconsin Conservation Congress Spring Hearings ,Sportsman voted 2 to 1 to support the hunting of the Sandhill Crane; and

Whereas; Recently Legislation had been introduced in Wisconsin, to hunt the Sandhill Crane;and

Whereas; The Wisconsin Legislature must pass a bill authorizing the hunting of the Sandhill Crane; so

Therefore let it be Resolved that at the 2012 Wisconsin Wildlife Federation Annual Meeting held April 14 in Stevens Point Wisconsin, support responsible Legislation to a establish a hunting season of the Sandhill Crane; and

Therefore be it further Resolved; that said legislation must include a species identification section to protect other Cranes of Wisconsin.
