Please print clearly

Card Holders Signature: _____ Date: _____

The Wisconsin Wildlife Federation (WWF) works hard to represent the best interests of all our members who participate in outdoor activities and enjoy the Wisconsin outdoors. As a member you will become a part of an organization that works every day for the sports men and women in Wisconsin.

The WWF represents your interests in getting fair and up-to-date laws that protect your hunting, fishing, trapping, and outdoor activities; not just the interest of a special group. You will continue to put muscle behind the outfit that is really doing something for conservation and conservation education in Wisconsin.

Part of our membership services to you is a subscription to Wisconservation, our outdoor publication. It features articles on the latest issues in conservation, conservation education, and the environment on a state and national level.

Thank you for your support of the Wisconsin Wildlife Federation.
